

NHS Induction Night

By: Kiera Raymond

Service, Leadership, Scholarship, and Character. These four traits (and many more) lead many candidates to be eligible to become inducted into the Chippewa Chapter of NHS. This year, 22 new member were accepted and inducted on **Monday the 15th**, grades ranging from Sophomores to Seniors, these students are a great fit for membership. The requirements to be eligible to apply to NHS are complex, having a GPA of 3.5 or higher, involved in volunteering, be a leader inside and outside the school, and to be an example of good character. Members were very happy to expand the chapter and everyone is looking forward to a great NHS year!

Swim at TC

By: Haley Johnson

The girl swim team travelled to Traverse City for their last invitational of the season. The team placed fourth overall and had lots of PR's and season's best. The swim team will begin tapering in anticipation for the conference championship that will be hosted at the Paine Aquatic Center on November 2nd and 3rd.

College Applications

By: Haley Johnson

The deadline for early decision and early action is just a few days away. As November 1 approaches, seniors everywhere are scrambling to complete their applications. Here are a few deadline and pieces of information that you might need to know

- For most colleges you'll need to submit your transcript, application, letters of recommendation and test scores.
- Your April 2018 SAT score appears on your transcript, but many schools require you to send them directly from the test provider. When you took the SAT you received 4 free sends. College Board charges \$12 for any additional SAT score sends. I ordered scores 2 weeks ago, and it took about 1 week for my colleges to receive and process them. **If you still need to send score do it now.**
- You don't need to have your FAFSA completed to apply.
- Don't wait until the day before to submit your materials. It takes time for your applications, scores, etc. to send and be processed. To be safe, submit materials 3-5 business days beforehand.
- Don't worry too much if you miss the early action/early decision deadline. Regular decision is in January or February for most schools.
- However, you should try your hardest to reach the November 1 deadline. This will give you the greatest chance of being admitted into your goal colleges. It also gives you more time to

Instagram Pages of the School

By: Kiera Raymond

There are a lot of different organizations at the school and a lot of them flock to Social Media to get information out. Down below are the instagram handles to the different organizations of the school, so make sure you give them a follow to stay up to date!

Student Council- @chipsofmanistee

Band- @mhs_bands

Cross Country- @manisteexc

GSA- @manisteegsa

Choir- @mmhs_choir

Theater- @mmhs_theater

NHS- @manisteenhs

Tolerance Group- @mmhstolerance

Foreign Corner

By: Kiera Raymond

Full Name: Frederik Rahbek

Where are you from?
I'm from Denmark

Who is your host family?
I'm living with the Antals.

What is your favorite thing about America so far?
Definitely all the people, everyone's so nice and open! It is very easy to talk to people.

What is your favorite class at MHS?
It's computer science, I find it interesting.

What is one things different about life in America than in your country?
The food is a bit different, but I'd say that the school is probably the biggest change, in Denmark we don't have all subjects each day like we do here.

Do you plan on doing any activities while here at MHS?
Yes, I will be swimming when the boys swim season start.

How long are you staying in the United States.
I'll stay the whole school year.

Volunteers Needed!

The Grad Bash Committee is hosting a Halloween dance (7th-8th grade) this Saturday 10/27 from 7-10 PM. Student and parent volunteers are needed from 5-11 pm for:

- **Concessions**
- **Decorating**
- **Clean up**
- **Chaperones**
- **DJ**

If you want to volunteer, sign up in the office!

Chippewas Make History

By: Grace Bottrell

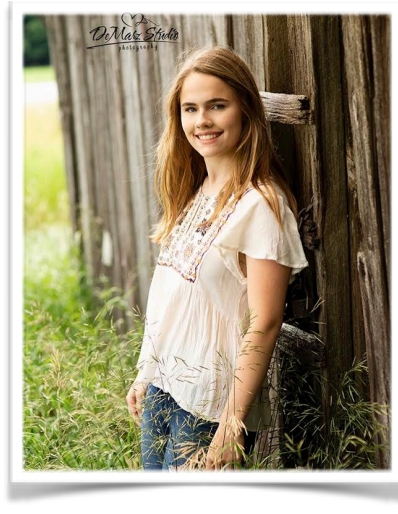

It seems like each game the Chippewas play this season continues their record breaking streak. The last game the team played against Northpoint Christian ended up being a win for the Chippewas with a fourteen point lead. With this win, the MHS varsity football team became the first ever Manistee football team to go 9-0 in a season. The 2018 varsity team also scored the most points for a nine game season out of any other Manistee football team. In more ways than one this game was sentimental to the team. **Bryson Jensen (12)** says that it was a “pretty big deal to make history”. He looks forward to future MHS varsity teams to look back at the team of 2018 to aspire to be even better than them. Bryson says their success this season was really motivated by the support of others around them. With a 2-7 season last year, the team was doubting their abilities. With a 9-0 record breaking season, there is no telling what is in store for future generations of Manistee Chippewas. This Saturday at 1, the Chips will be playing in their first playoff game against the Clare Pioneers. The game is home, so come and support!
