Advance Notice Of Pesticide Treatment

This notice is to be provided whenever a pesticide, other than a bait or gel formulation, is to be applied at this facility. The information will be posted using the methods identified in the Annual Notification.

Attention: This facility utilizes an Integrated Pest Management Program for pest control, employing non-chemical methods that include sanitation and exclusion to control pests. However, from time to time a pesticide application may be necessary to control certain pests.

Please be advised that a pesticide is expected to be applied to control Yellow Jackets.

The approximate location of this pest control treatment is Play Ground Basketball court Jefferson Elementry.

The anticipated date of treatment will be 8-6-20.
