

Elementary (Grades K-5) Learning Opportunities

IN-PERSON LEARNING [MI Safe Schools Phases 4-6]

Classroom: Students will be receiving traditional instruction following a 5-day learning schedule with our established curriculum, materials, and resources but will also be using an online blended learning platform. This will allow them to become familiar with the online curriculum. Specials, such as art or music, will also be happening in their classrooms. The teaching staff will rotate so that the students can stay in place. Half-day on Fridays.

Restroom Use: Students will be scheduled for bathroom breaks according to cohorts/ classrooms with cleaning in between.

Hygiene: Hygiene stations will be available throughout the buildings and in all classrooms with supplies restocked daily. Students and staff will be encouraged to follow standard hygiene protocols.

Outdoor Time: Students will have opportunities for recess and outdoor learning that will provide breaks during the day to remove their masks and get some fresh air outside of their classroom setting.

Health Monitoring: Student temperatures and symptoms are required to be monitored from home each day to determine if they should be attending school. Should your student present with a fever 100.4 or above, they should be kept home, monitored for symptoms, and considered for testing. Your student's doctor should provide direction.

Learning Structure

Masks: All students age 3 and older will be required to wear masks in all indoor spaces and outdoors only when social distancing requirements cannot be met. Those students riding the bus will be required to wear masks during transport. Masks must be worn from the point of arrival at school.

Arrival & Departure: Students will arrive at school and will be directed to their classrooms by District staff, students will remain in their classrooms for the day, with their class groups/cohorts to reduce potential exposure. Masks must be worn from the time of arrival at school. Students will have opportunities at lunch and recess that will provide breaks during the day to remove their masks and get some fresh air.

Food Service: Breakfast and lunch meals will be served in the classrooms. Students may bring their own food to school or opt for the offerings of our Food Service nutrition program.

Water Bottles: Students will need to bring their own water bottles to school. Bottles may be filled via filling stations. Traditional water fountains will not be in service.

ONLINE LEARNING [ALL Phase Option]

All MAPS registered students, both in-person and online, will be assigned a MAPS District teacher. This teacher will remain their teacher for the school year, whether the student remains in the online learning program or returns to school in-person.

Student assignments will be accessed using the Canvas and Accelerate platforms.

Students will have opportunities to ask questions and receive support from teachers.

Students will be following a 5-day learning schedule defined by their teacher(s). Learning will allow for flexibility in pace and schedule.

Instructions will be made available daily for following the classwork, assignments will have due dates, and grades and feedback will be provided.

Students will be expected to login each day to be counted for attendance and will be guided to follow the learning curriculum provided.
