

BOND INITIATIVES

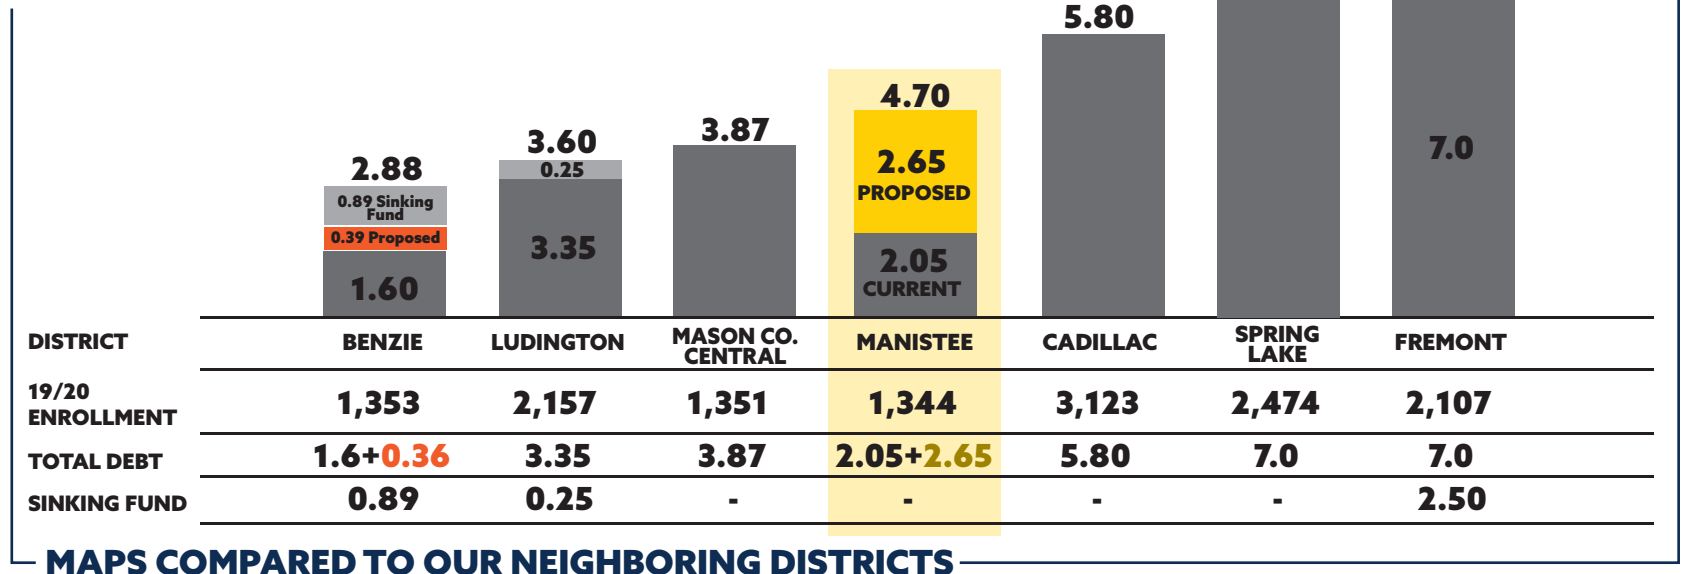

Understanding where MAPS compares to districts in our region
providing facts, figures, & transparency

As Manistee Area Public Schools evaluates its facilities position within the region, we have collected information regarding where other districts in similar facility size, student capacity, and/or program offerings fit with respect to community bond initiatives.

MANISTEE CO. DISTRICT COMPARISON

MAPS COMPARED TO OUR NEIGHBORING DISTRICTS

*The estimated mills in the first year for the new bonds is 2.65 : 0.20 higher than the millage change over the 2020 debt levy since the debt levy for the existing debt is projected to decrease by 0.20 mill with the 2021 debt levy. For the purpose of this calculation on overall millage impact, a net increase of 2.45 is used as illustrated here. (Source: PFM Table 15a - Summary of Proposed Bonding Alternatives dated 11/10/20)
