GREAT START COLLABORATIVE JANUARY NEWSLETTER

JANUARY IS BATH SAFETY MONTH!

During the month of January let's focus on bath time safety! Here are some tips to keep the littles safe during bath time.

- Actively watch children. Babies can drown in only one inch of water!
- Bath seats and rings are not safety devices. Smaller children can easily slip out of them and hurt themselves on the side of the tub, or in the water.
- Always check the water temperature with a temperature-sensing bath toy, or your wrist or elbow, before bathing a baby, toddler or young child.

BATH TIME IS ALSO LEARNING TIME!

Use bath time to talk, read and sing with your child. This is the small everyday moments that can be made into big learning moments. Here are some tips to make bath time learning time.

- Sort toys based on color, size and shapes.
- Count the toys after sorting them.
- Talk about how water feels while playing in the tub.

Upcoming Events!

Weekly Parent Check-Ins

This is a time for us parents to have an adult conversation!
This is an informal Zoom call to just talk! For January we will have the check ins Sunday evening at 8:30 pm and Tuesday afternoon at 1:30 pm.
