## PREVIEW

### Manistee Volleyball Wins 5 Set Match For A Cause

By: Alyssa Jackoviak

After a rough start for the Chips, Manistee’s Varsity Volleyball team came out atop Mason County Eastern on October 18th, winning 3 of 5 sets. The sets came out at 20-25, 23-25, 25-11, 25-22, and 15-5, respectively. This was the team’s 6th win of the season after sweeping Muskegon Heights the prior Tuesday. **Raegan Coddan (12)** contributed 34 assists, **Lola Piper (11)** with 6 aces, and **Emma Bevans (12)** with 14 kills. Richards explained what the girls were playing for that Monday night: Jessica Sharp. Jessica unfortunately lost her battle to breast cancer that past weekend, and a \$2559 check was made out to Stomp Out Cancer in honor of her name.

## Manistee Volleyball Wins 5 Set Match For A Cause Continued

This has been one of the most successful Dig Pink fundraisers the volleyball program has seen.

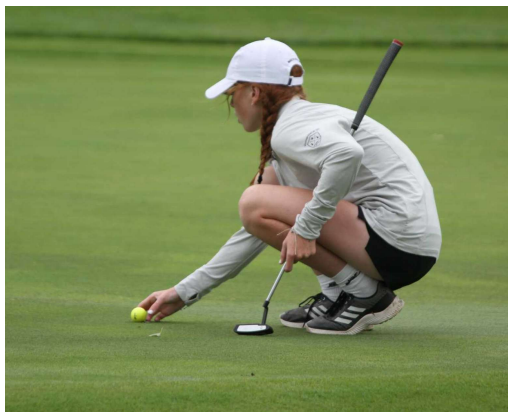

The team has seen a strong season under Richards' coaching, and is already making talking of next year. Richards says her top prospects for next year include **Madalyn Wayward (8)**, **Libby McCarthy (10)**, and **Reese Shively (9)**. Richards is planning on bringing up a young team, hopefully changing the program for the better in years to come, as she says "Having a young team is important, that varsity experience for 3 or 4 years will give us an advantage when these girls become upperclassmen."

## Waligorski Putts Her Way to State

By: Alyssa Jackoviak

Sophomore **Kendal Waligorski (10)** recently competed in the state competition for golf this past Friday and Saturday at Michigan State University with a personal best score of 96, cutting off 5 strokes from her previous best score. She said, "It was a very fun experience and I'm proud of how I did." Waligorski individually qualified for state at regionals with a score of 105, while **Sara Danison (12)** just missed the cut off with a score of 108. Waligorski found herself in the heat of a tie-breaker, as she battled Kent City's **Michelle Carr** for third place and a trip to state. She came out on top, winning by one stroke. As a team, Manistee took 7th at regionals, while **Mrs. Warnke**, the girls golf coach, says "I think our region is the toughest in Division 4. We have Montague in it. They won the state championship last year and are likely to contend again this year. Chippewa Hills is going to be strong as well." Manistee hoped to have a few more girls, or even the team, qualify for state this year but Mrs. Warnke is "Proud no matter what." Other finishers at the regional match include **Olivia Vazquez (11)** at 116 strokes, **Emalyn Nelson (12)** at 123 strokes and **Sarah Huber (9)** at 148 strokes.

## XC Competes at Portage

By: Allie Thomas

The Portage Invitation is one of the biggest cross country meets in the midwest, and this year the Manistee cross country team had the privilege of attending and competing at this meet. The team had not attended the meet since 2018, making it super special to all the athletes involved.

This meet was also unlike any other meets for various different reasons. For starters, the team got excused from class the Friday before the meet to ride in a charter bus down to Kalamazoo. This was the first time the team has ever ridden in a charter bus, which many of the runners enjoyed. They also got to stay in a hotel on the outskirts of Portage the night prior to the meet, leading to plenty of team bonding experiences that will be cherished for a lifetime.

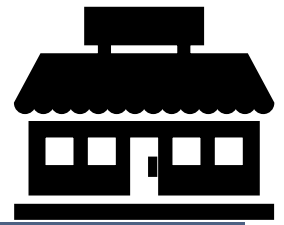

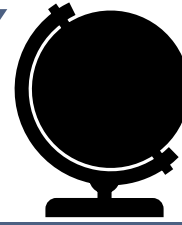

Upon arriving at the meet, the runners were astounded by the amount of other teams and athletes competing. For the majority of the team, it will be the biggest meet they will ever attend, as their races alone each had over three hundred runners from all over the state of Michigan.

The girl's team ran first, and, out of three hundred and nine runners, **Ceci Postma (10)** just barely missed placing by two spots, finishing in fifty-second place. The boy's team however found a little more success in their race, having two racers finish in the top fifty out of three hundred and twenty-nine competitors. **Caiden Cudney (12)** ended with a medal in a twenty-seventh place finish, while **Abdul Ghennewa (10)** took the last available medal by placing fiftieth.

The team scores of the meet were also very valuable to the boy's team, as it showed how close they could be to qualifying for state, as the race was entirely division three. It also showed the possible individual girl qualifiers who they would have to chase in order to potentially grasp a ticket to the state meet later this fall.

## World/State/Local

# Senior Spotlight - Amanda Kelley

By: Alyssa Jackoviak

**Q: What are you looking forward to most this year?**

A: I am really looking forward to the dances because I didn't really get to experience any of that last year since I was online.

**Q: What has been your favorite part of this year so far?**

A: So far, my volleyball team has been my favorite part of this year. I love my teammates.

**Q: Looking back on the past four years, what has been your favorite class and why?**

A: My favorite class, looking back on it, would most likely be cooking class. It was such a great class, and I had a great time making food and new friends all at the same time.

**Q: What is your funniest high school memory?**

A: My funniest high school memory that I can think of is going to morning practice for volleyball and finding a bat flying around while everyone was running away from it.

**Q: What are you going to miss most about high school?**

A: The thing I'm going to miss most about high school is the people. You make some great friends when you are going through a hard time.

**Q: What's a piece of advice you would give to an underclassmen?**

A: The advice I would give to an underclassmen is to get involved. I know everyone says it, but honestly they are right. I've heard lots of people tell me that they wish they would've gotten involved earlier.

# Student Life

## NHS Welcomes its New Members

By: Allie Thomas

The Chippewa chapter of the National Honor Society (NHS) has been around for countless decades, leaving both the school and community positively impacted by the student’s involvement. It is also every October that the new members of the National Honor Society are inducted, continuing the legacy that countless previous members have left behind.

This year’s induction ceremony started off with **Mrs. Clemons**-- the chapter’s overseer-- giving a short speech about what it means to be a part of the NHS. This was followed by **Sheriff Gutowski**, the guest speaker, again addressing the importance of the organization’s work. The senior officers also spoke about the four important characteristics of becoming an NHS member, and finally Mrs. Clemons called each new inductee onto the stage, sharing a little bio about who the new member was and what they enjoyed doing.

All this was of course followed by a dessert reception, perhaps the favorite part of the whole night for both old and new members alike.

These new members will quickly start making a difference in the community, as there are countless volunteer opportunities and projects for them to participate in, all leaving those impacted in a better state. The big project that all NHS members will focus on this year is the addition of solar panels to the school, in an attempt to minimize the carbon footprint the school creates. This project will be headed by **Alyssa Jackoviak (12)**, leader of the green team committee.

Although the solar panels are the main chapter project this year, there are still many other smaller projects and committees that the NHS helps with. Coming up soon includes the well anticipated annual apple pie making and selling fundraiser, along with many other festive projects soon to be underway.

This year’s new NHS inductees will be sure to leave a positive impression on the school and community that they represent, demonstrating how to be good leaders and how to

lend a helping hand to those in need.

## Falling Into Fun Fall Activities

By: Allie Thomas

Northern Michigan contains many fun activities that students can participate in, especially this time of year. From hay-rides to haunted attractions, there is something for everyone this autumn.

A ghostly attraction is the Camp Sauble prison, turned haunted house. While the lines for this attraction are usually a tad longer than those at the ghost ship, the attraction itself is also a tad longer than the ghost ship, although both prices are the same. All the proceeds are then donated to local fire departments, meaning that you can do good for your community by getting scared out of your pants. Camp Sauble is open every Friday and Saturday, starting at 7:30.

If however scary attractions aren't down your alley, then there is always Lewis Farms to rely on for some less haunted yet still fun fall activities. From apple orchards to pumpkin patches and everything in between, Lewis Farms contains anything you might need for a full fall day with friends. Lewis Farms is a family friendly attraction, and is open Fridays and Saturdays from 9am until 6pm and Sundays 10am until 6pm.

There are many fun things to do in the Manistee area this time of year, regardless of the intensity of the attraction, and, from ghostly ships to corn mazes, northern Michigan contains them all.
