PVCC – 3586 Glovers Lake Rd
Arcadia

Mark your calendar–
STEM Networking night
Dec 13th 6–8 pm

LET'S TALK ABOUT MEASUREMENTS

Help your child learn about the concept of measurement through temperature! Talk about the weather outside ("Is it hot outside today? Or is it chilly?") or talk about the temperature of your food ("Is the pasta warm or cold?")! You can also measure the temperature outside using a weather app on your phone, or even measure the temperature of your food using a thermometer!

Measure up for reading!

The Three Billy Goats Gruff
By: Carol Ottolenghi

In this classic tale, three goats want to go to a meadow filled with grass. But first, they have to get past a troll who lives under the bridge! As you read, talk about the three sizes of the goats. Which goat is the smallest? Which is bigger? Which one is the biggest?

### Balancing Act
By: Ellen Stoll Walsh

Two little mice are having fun balancing on a teeter totter. But other animals want to play, too! What will happen when a new friend jumps onto the teeter totter? Children will love talking about weight and balance while reading this colorful story.
