RHYME TIME: THE BENEFITS OF NURSERY RHYMES

Join us as we explore the benefits of Nursery Rhymes.

Participants will increase their knowledge of the importance of teaching Nursery rhymes and incorporate activities to go along with them. The participant will identify ways to incorporate Nursery rhymes into their routines and analyze the concepts that they teach. We will also look at how to engage in meaningful time spent with children and to understand the importance of literature in children's lives.

Participants will receive 2 hours of approved training for Michigan Standards Area: Teaching and Learning (1 hour) and Family and Community Engagement (1 hour)
