## LET'S TALK ABOUT SUMMER

Turn a warm day into an opportunity for an easy science experiment. Take an ice cube out of the freezer and put it in a cup. Ask, "What do you think will happen if we bring this ice cube outside?" You can also talk about ways to cool off on the warm summer day.

### In Summer

By: Susanna Madinabeitia Manso

What do you like to do in the summer? Do you like baseball? Do you like playing in the water? This board book features simple photographs of things a child might like to do in the summer. Ask your child what she likes to do!

### I See Summer

By: Charles Ghigna

Summer is filled with many sights...sunshine, sailboats, flowers, bugs, picnics, and so much more! After you explore this book with your child, go on a fun walk together to see what summer sights you can find!
