

KENNEDY ELEMENTARY

MARINERS MONTHLY

Dear Parents,

Welcome back from what I hope was a rejuvenating and enjoyable spring break for you and your family! As we return to our school routines, I wanted to take a moment to update you on some important upcoming events.

MONTHLY WORD from Principal Wiersma

Firstly, I want to express my gratitude for your ongoing support and collaboration in your child's education. Your involvement is crucial to their success, and we truly appreciate your partnership.

As we transition back into the swing of things, I want to inform you that our school will participate in the upcoming state assessments. These assessments are an important part of our educational process as they provide valuable insights into your child's progress and help us tailor our decision-making to meet their needs effectively.

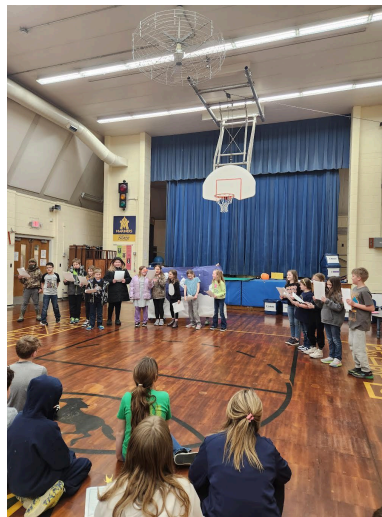

Once again, welcome back, and thank you for your continued partnership. Together, we can ensure your child's successful and fulfilling academic journey.

March was reading month and we had so many fun activities.

We had guest speakers come and read to our students.

We also had a Reader Theater event!

The 5th grade advisory team is currently working towards building an outdoor educational area. They are in the process of collecting outdoor furniture and things like hammocks.

GET TO KNOW

OUR STAFF

Carly Cheever- Administrative Assistant

Carly has been with MAPS for almost 4 years. Her favorite part of the job includes supporting students and putting a smile on their face. She also loves joking around with her coworkers and just having a good time. She absolutely loves her Rottweiler and treats him like he was her child. She enjoys going for a walk with her dog, going to the beach, boating and shopping! Her favorite subject in school was math but that is not the case anymore. She has also lived in 3 different places! Feel free to ask her about her adventures.

EVERY day counts attendance matters

Don't let your child get left behind. Students who miss school, miss out.

- If your child frequently misses school during kindergarten and first grade, they are at risk for delayed reading.
- If your child frequently misses school during the formative elementary and middle school years, they become high risk for dropping out before graduation.
- In fact, good attendance is one of the best predictors – a predictor more accurate than test scores – that your child will graduate from high school, pursue college and keep a job!

Daddy-Daughter Dance
