

To MAPS Families & Staff -

Manistee Area Public Schools Nutrition Department plans to sponsor a Summer Feeding Program under the U.S. Department of Agriculture's Summer Food Service Program for Children. We will offer free meals for pick up and will also offer onsite meal serving. At Jefferson MAPS summer program students will stay and eat at our feeding sites, and at MMHS parents can pick up 7-days of breakfasts & lunches to eat at home. Please note: if your students are served meals at Jefferson and would like to order a 2-day weekend meal pack to be picked up during the same MMHS pick up meal service, the order must be placed with the nutrition worker at Jefferson prior to Thursday. This is available so all participating students have access to the same number of breakfasts and lunches each week.

In accordance with the USDA regulations, we are informing you of these food service operations. If you have any questions, please contact my office at (231) 398-3695.

As always, we are grateful to our Nutrition Team for making this summer program possible.

Thank you,
