Dear Families

As crisp autumn air settles over our campus, I'm thrilled to share some exciting updates with you.

September has been a month of vibrant learning and growth for our students, who have embraced new challenges with enthusiasm.

This month, we're focusing on enhancing social-emotional skills. Our activities are designed to build empathy, teamwork and strong communication.

We also have Parent-Teacher conferences and we welcome you to join us for that.

Thank you for your continued support. We look forward to a wonderful October together!

Attendance Matters

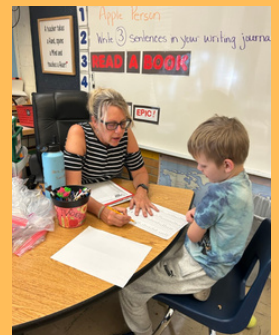

Did you know?

A child who is 10 minutes late misses 32 hours a year of lost education.

A child who misses 1 day a week loses 2 months a year of education.

Michigan Department of Education requires every teacher to have a valid teaching certificate. When a teacher is in the process of obtaining an endorsement in a new subject area, or is on a limited teaching certificate, the district offers additional supports such as: professional development, mentor teacher assistance, and specific evaluation and planning cycles.

Chasity Gouker is a certified teacher adding a special education Learning Disabilities endorsement at Jefferson this year.
